

have been amended so as to provide that the remains may be transported to the homes of relatives if they so desire, or to the nearest military post for burial. The expense of transportation, the appropriation for transportation, and the allowance for other expenses has been increased to \$75.

Soldiers suffering confinement by sentence of court-martial, but not dishonorably discharged, belonging to volunteer organizations, have been ordered paroled while their regiments are on a furlough, and the unexecuted parts of their sentences are declared remitted.

In the few cases where battalion adjutant and battalion sergeant major have entered the service as part of a state organization, the department has ordered that they be paid as regimental officers, but vacancies occurring in those places are not to be filled by appointment, else the appointees will receive only the company pay. The pay of a chaplain is fixed at that of a captain mounted.

Volunteers who were not paid for the period between the date of enrollment and the date of muster-in are now ordered to be paid at the next payroll at their command.

DISCHARGED SOLDIERS.

Their Rights As to Travel Pay and Allowance.

Chicago, Sept. 26.—A Daily News Washington special says: Assistant Comptroller of the Treasury Mitchell has rendered an important decision at the request of the secretary of the treasury that will facilitate the travel of discharged soldiers. The assistant comptroller holds that soldiers are entitled to travel pay from the date of their discharge to the date of enlistment, and also if the soldier is discharged on furlough, except in cases where the distance is greater than the distance from where the soldier was discharged to the point of enlistment. In that case he is entitled to travel pay only from the point where his regiment was stationed to the place of discharge.

Another matter settled by the decision is that officers and soldiers discharged at their own request are not entitled to travel pay, but if discharged on furlough or on account of sickness or wounds, then he is entitled to travel allowance and such discharge or resignation is not regarded as having been made for the convenience of the soldier.

It is also held that discharge or resignation taken place only from the date on which the soldier was discharged. Official notice that it has been accepted. When an officer or soldier is discharged he is entitled to travel allowance and such discharge or resignation is not regarded as having been made for the convenience of the soldier.

GERMANS IN THE KLONDIKE.

An Army Officer Returning Home From the Land of Gold.

Returning from Dawson City en route to Berlin, Dr. Lehmann and Walter Wensky stopped over in Salt Lake yesterday between their journey eastward in the evening. They made their headquarters at the Kenyon. To a Herald reporter Mr. Wensky stated that he and his companion went into the Klondike region last April. Having ample means, splendid outfits, provisions in abundance and plenty of help they got over the pass and down the Yukon without experiencing any hardships worth mentioning. Mr. Wensky, who is a lieutenant in the German army on a two years' furlough, prospected placer ground along the Klondike, Eldorado and Thordike creeks, and located several valuable claims, which he will work when he returns to that region in February. He is intended to harness and counts on another pleasure trip to the land of the midnight sun.

SLUGGER SERIOUSLY HURT.

"Doc" Payne Probably Fatally Injured by a Negro.

Philadelphia, Sept. 26.—It required less than two rounds tonight at the arena for Joe Payne, the local colored pugilist, to put "Doc" Payne, McCoy's sparring partner, out of business, but in that time Butler gave an exhibition of the foulest kind of fighting, and it was only after the aid of the police that he got safely away from the crowd of over 2,000 persons who were waiting in front of the building. In the middle of the first round Payne was badly injured by a blow on the head, and in a clinch began to punch him. Referee Schlichter separated the men and declared the fight ended. The colored man went at his opponent again and landed three or four hard punches. Payne was groggy when the bell sounded.

SOLLY SMITH DISABLED.

Broke His Left Arm and Sullivan Won the Fight.

New York, Sept. 26.—Dave Sullivan of Ireland and Solly Smith of Los Angeles, featherweights, met tonight at the Greater New York Athletic club for a second round fight. Sullivan was incapacitated early in the bout. The fight was stopped at the end of the fifth round by the referee, who awarded the honors to Sullivan. During the second round Smith had the misfortune to break his left arm near the wrist. He took it lightly a few times in the third round, but it hung loosely in the next two rounds and it was seen by everybody that the Californian could not continue. Smith's accident robbed him of what certainly would have been a victory, as it was apparent to everybody that the Californian could not continue. Sullivan's brother "Spike" bet a lot of money on his brother's ability to best the western man, forcing his price to \$25 on a one and he won a big pile on the result.
